

htw saar

Become a member of the Saarland University of Applied Sciences family. We are one of the most research-oriented universities of applied sciences in Germany with a strong entrepreneurial spirit. Thanks to our active university partnerships around the world and twelve Franco-German degree programs, we are both Francophile and internationally oriented. Our university currently has over 6,000 students and is located in the heart of Saarland's capital city, Saarbrücken. Enjoy the benefits of a dynamic and lively border region with an exceptionally high quality of life, while providing the next generation of specialists and managers with the best possible education and preparing them for the challenges of the future.

The Engineering Department has a vacancy for the following position to be filled by 10.01.2026:

W2 professorship (m/f/d) for Future Drive Systems, in particular for Sustainable Mobility

→ Your profile

- Profound scientific knowledge in the field of automotive engineering with a focus on the following areas:
 - Drive systems for sustainable mobility and for all types of vehicle concepts and
 - heat engines, future drive technologies and alternative fuels - especially hydrogen - as well as renewable energies
- Outstanding scientific and teaching qualifications
- Strong language skills in German and English
- Additional language skills in French and/or another foreign languages is also an advantage

Your tasks

- Teaching and developing courses in German and English for engineering and dual degree programs at the Akademie der Saarländischen Wirtschaft
- Active participation in teaching the basics
- Takeover and further development of the existing lab
- Dedicated participation in furthering the faculty and acquiring third-party funds
- Participation in the htw saar's self-governance
- Willingness to cooperate and work in an interdisciplinary manner across different fields of study
- Representing your subject area in teaching, research and academic development
- On-site presence at the university in order to provide optimal support for students
