

Become a member of the Saarland University of Applied Sciences family. We are one of the most research-oriented universities of applied sciences in Germany with a strong entrepreneurial spirit. Thanks to our active university partnerships around the world and twelve Franco-German degree programs, we are both Francophile and internationally oriented. Our university currently has over 6,000 students and is located in the heart of Saarland's capital city, Saarbrücken. Enjoy the benefits of a dynamic and lively border region with an exceptionally high quality of life while helping us provide the next generation of specialists and managers with the best possible education and preparing them for the challenges of the future.

The Business School has a vacancy for the following position to be filled at the earliest possible date:

W2 Professorship (m/f/d) in Business Psychology

Reference Number 137

→ Your profile

- Sound scientific knowledge in the respective field, especially in the context of production management and logistics
- Outstanding scientific and teaching qualifications
- In-depth knowledge and experience regarding the concepts and methods of business psychology
- Several years of (preferably international) professional experience with a focus on analyzing transformation processes and their impact on people and companies
- A particular focus on transformation processes in consumption, work, and digitalization
- A well-defined research profile, enabling cooperative research projects
- Strong language skills in German and English
- Additional language skills in French and/or another world language are an advantage, as is proof of international contacts and experience

→ Your tasks

- Teaching relevant courses in the Business Psychology degree program, as well as in the areas of marketing and/or human resources
- Active participation in teaching the basics
- Dedicated participation in furthering the faculty and the university
- Organizational and academic responsibility for establishing the Business Psychology program
- Willingness to cooperate and work in an interdisciplinary manner across different fields of study
- Representing your subject area in teaching, research and academic development
- Offering English-language lectures
- On-site presence at the university in order to provide optimal support for students
