Housing in Saarbrücken

- Start your search early
- No sugar-coating: can be hard!
- Student-Dormitories have loooooooong waiting lists
- Getting more expensive, but still affordable (rooms from 300€ up to 600€ / month)
- Set your priorities right: city centre can be hard to find and expensive – Saarbrücken is not that big in general, shared living is more affordable,
- Single apartments or larger flats generally less common (usually quite expensive ~10€/m² without water, heating, power, rubbish-fee, internet, mostly unfurnished)
- Check our [website for housing](#) for more info and links to platforms (e.g. platform for shared apartments, private / public student housing, other housing providers)

Housing in Saarbrücken

- Be aware of scams, if in doubt, please contact us or your student buddies!
- Information of the German-Consumer-Center on [housing fraud](#)
- Read contract carefully!
- Check for hidden costs (all monthly costs must be visible in the contract)
- Rental contracts can be limited or unlimited
- Deposit about 2-3 monthly rents (need to be in the contract)
